Over 20 year's professional experience in educations programs, creative workshops, training art programs for developing talents for unique abilities, ecology culture and communicative skills for children & adults (Feelings – Emotions – Thoughts – Actions – Result*), as well as project management, management, business development and develop the system education.

Author and illustrator books, plays for theater, movie's scripts, and TV children's programs.

Life's beauty, wisdom, and happiness are reflected in the eyes of our children . . .

We, adults, are responsible for what we bring to the world of childhood and what they create for their future.

All my activity supports raising harmonious children and helps a family to create a solid foundation for a successful and happy life based on the best human qualities and family values.
